### **LETTER OF APPRECIATION**

This is to extend the modest compliments of the Honourable Minister of Health and the Management of the Federal Ministry of Health who have noted your generous donation of blood donor couches and other medical equipment to the Nigerian National Blood Transfusion Service (NBTS), a service delivery component of the Federal Ministry of Health.

2. It is through the support of individuals and corporate representatives like you that we are able to strengthen our programmes and deliver innovative systems to improve the quality of our Service.
3. As we approach the beginning of a new funding mechanism for health initiatives in our country, the NBTS will continue to lead by providing adequate supply of good quality blood for transmission for all those who need it.
4. Once again, I thank you for making the mission a reality.
5. Please accept my esteemed regards and the kind assurances of the Honourable Minister of Health.
