Dear Mr. Gavin Evans,

On behalf of the King Hussein Cancer Foundation (KHCF) and Center (KHCC) and every cancer patient, I would like to express our deepest gratitude and appreciation for the generous support of the **Global Blood Fund**.

Your in-kind donation of two Multi-component Collection Devices namely, Haemonetics MCS valued at **USD 84,000** (Eighty Four thousand US dollars) is highly appreciated since your donation came at a time when we were in great need for this type of machine. It is only with the generous support of donors like Global Blood Fund that we are able to deliver our lifesaving mission and maintain our position as a pioneer cancer center in the region.

Once again, thank you for being a generous friend of our Foundation and Center. Every generous action makes a remarkable difference in the lives of our cancer patients and gives them a chance to receive unparalleled comprehensive cancer treatment in their battle against cancer.

My warmest regards and best wishes,

Dina Mired
